CNB Science Slam 2019

Event for Researchers and Students

Tuesday, March 12, 19:30 – 22:00

University of Bern, UniS, Schanzeneckstrasse 1, 3012 Bern, Room A003 and Foyer

Could you clone a brain and would that still be the same person?

What is the least useful part of the brain?

Is it of any use to think of our brain as a computer?

What question did you always wish to get an answer to?

Pose your question now and/or register for the CNB Science Slam 2019 at www.brainweekbern.ch

Deadline for question submission: February 15

Deadline for registration: February 28

5-minute answers to selected questions will be presented in a creative way during the event by experts of the respective field.

Best question and best answer will be awarded!

Snacks and drinks are served.

Moderation: Prof. Dr. Tobias Nef, ARTORG Center, University of Bern and Prof. Dr. med. Roland Wiest, Institute of Diagnostic and Interventional Neuroradiology, Inselspital, Bern University Hospital and Medical University of Vienna

Organization: Clinical Neuroscience Bern (CNB), Prof. Dr. med. Urs Fischer and Romina Theiler, www.neuroscience.unibe.ch
